

## **PRESS RELEASE**

### **Volunteer To Help Plan Huntersville's Future**

**HUNTERSVILLE – July 24, 2019:** Residents of Huntersville are invited to join the Huntersville Community Plan Steering Committee. Applications are available on the Town of Huntersville website, [www.huntersville.org](http://www.huntersville.org) and will be accepted through August 1, 2019.

The Huntersville Community plan will be an update to the Huntersville 2030 Community Plan, which was last completed in 2011. This plan directly informs decisions that we make as a community. It assists us with monitoring preservation, identifying potential concerns, identifying plans to offset those issues, and establishing recommendations to successfully grow and shape our future community.

The objective of the Steering Committee will be to review the progress and content of the Community Plan update, and to encourage community participation. We would like the Steering Committee to consist of 11-15 members, representing a cross section of the Huntersville community. Applicants will be appointed by the Town Board.

The Steering Committee will serve as an advisory board to the Town of Huntersville Planning Board and Board of Commissioners for approximately 1 year (August 2019-August 2020) and be required to attend 6-8 meetings.

We invite Huntersville residents interested in building a successful community to complete an application for the Steering Committee, and thank you for your willingness to serve your community. Please direct questions to Dave Hill, Senior Planner; Town of Huntersville at (704) 766-2213.

Application: <https://www.huntersville.org/DocumentCenter/View/4495/Final-Comp-Plan-Steering-Committee-Application-07162019>
